## RED WINES

### PIGNOLO - CA' TULLIO D.O.C. FRIULI COLLI ORIENTALI

**Grape:** Pignolo

**Winemaking:** traditional red wine vinification with skin contact for about 15 days; fermentation in steel with daily pump-overs and rack and return, followed by devatting into barriques, where the wine completes alcoholic, and then malolactic, fermentation before maturing unhurriedly in wood.

**Wine:** deep ruby red; forest fruits fragrances, attractively enhanced by sweet spiciness; full bodied palate with lots of personality.

**Food matching:** outstanding with all red meats and mature cheeses; serve at temperature of 18-20°C.
